Applicant's arguments filed 8/31/05 have been fully considered but they are not persuasive. Applicant's arguments are to the effect that the cited art is not like a bubble jet, as is claimed. Although the cited art didn't say bubble jet type, pictures & description are seen by this examiner as bubble jet like, 7 as the art has the insecticide, meets the instant temperature & other requirements, we see no physical, functional or effects differences of the instant claimed & prior art emanator's.
